Before attending SCORRE, I really struggled with getting my thoughts in order in such a way that the audience could follow my sermons without having to work so hard. This training provided the necessary tools that helped me ask the right questions, and then how to put the answers in a logical progression. I strongly recommend SCORRE to anyone where communication is everything.

Bryan Tema

Lead Pastor

“In my 33 years of full time ministry, the SCORRE conference stands as my favorite training and also one of the most helpful in regards to communication. What I learned at SCORRE helped me become a better communicator of God’s Word.”

Bill Smith
Kalamazoo Youth for Christ
Juvenile Justice Director

“SCORRE was great experience and is still a model I use over a decade later for message and presentation preparation. SCORRE keeps you focused on your objective and allows you to easily determine what can be left “on the cutting room floor”. It gives you the clarity needed to present your information in a way that can be retained by the audience whether you have 5 minutes or 45 minutes to communicate.”

Jason Stiger
Calvary Church
Pastor

“The SCORRE conference gave me a framework that boosted my efficiency in preparation and my effectiveness in communication. I have used this method in public speaking, preaching, article writing, and even major-gift requests. Incredibly versatile.”

Peter Jenkins
Zeeland Christian School
Director of Advancement

“As a communicator, SCORRE has completely changed the way that I prepare, plan, and deliver teachings and talks. Through the mentoring and methodology of the SCORRE training, I have become a more confident, better prepared, and more passionate communicator. I highly recommend SCORRE to anyone who is looking to step up their game and embrace excellence in their craft as a speaker.”
